News. Jason's

- New Director appointed. Chief Deputy Director - Jason.
- Oil + Gas Supervisor staying on. Mid-November start.
- Also Cyn - fire burned over the Cyn - left flame on the ground near the storage. Put fire out > year. Is gas coming out of the ground? Mercaptan capture?

Pat - If there was a leak from the gas storage facility you could find it's signature by sampling. If it is from the facility - that's a problem. Need to figure out what's next.

Longer chain - why there? Old diesel spill? Single carbon molecule was the result. Fire was within the boundaries of the facility.

- Cynric - met w/ Chevron this am. They are abating rapidly. wells reducing in flow. Friday @ 6th bauer. Making sure it doesn't happen again.

- Next meeting of ETE out of Michigan.

- EPA updates - Stakeholders met w/ WSPS yesterday. fuel economy standards AE, smart sector.

- No laws as it filed by CBD - 60 days + 60 passed.

- AE seeking primacy for all well classes - summer 2020 package only Class III + II wells in AZ.

- AE's

S. Belridge on effect 10/28 EEA.

Need letter by Monday in order to take action by Friday due to EEA language. Segge + Lamigan in gove for signature

Jacalifer - need signature. has reviewed the request. interpreted by Dogger / review & decide who will stamp + re-submit.

Cat Cyn - commits responses almost done. Will go to district soon.
